

State of California Site Certification

Welcome to the State of California Certified Sites Program. This site has been developed by the State of California to assist the commercial and industrial business site selection, planning, and development process in the state. The Certified Sites Program will provide a current inventory of commercial and industrial site that are available for purchase or lease, have the support of local permitting authorities, meet current evaluation criteria for various commercial and industrial uses and are readily available for project development or initiation of use in the shortest time possible.
